

COMMON ERA YEAR C.E. January 1, 2172 Wednesday

Leap year, New Year Day. Morning 10.05 a.m. ante
meridiem

Hareekerssan Internationale! Studios HPI Channels Tokyo

Live recording venue. (Science Fiction Interview)

Press release: HPI Channels proudly presents a WORLD'S
FIRST!

Using latest ultramodern THC Technology in combination
with the already existing MicroTransform
DigitlTransmission Projector, we are now able to bring our
very first major breakthrough in Robotics Television
Transmission to WORLD PUBLIC!

To the layman, in simple terms we explain

Microorganisms are too small & this makes it extremely
difficult for humans to evaluate them.

Now, for the first time, we may!

TechnoRobotics convert language into microcosmic
STIMULI in controlled environments & ensuing
microscopic RESPONSES are reconverted back into
language!

This breakthrough allows interviewing microorganisms
directly on television LIVE!

Then again transmit those onto your own drawing room!
Right on to your personal TV! in real time!

Let us make this grand occasion an event to remember by
inviting our very first guest HSV-2 VIRUS!

Our guest is herpes simplex virus type 2, more commonly known as the virus that causes genital herpes in humans

One hundred and fifty seven years back, in C.E. 2015, an estimated 417 million people aged 15-49 (11%) worldwide had HSV-2 infection!

Herpes viruses are HSV-1 & HSV-2

HSV-1 causes oral herpes but may rarely cause herpes genitalis too

Viruses had been around for billions of years & are considered as royalty among microorganisms due to their uniqueness

Speaking to our honourable guest Lord Sir Herpes Simplex Virus II, OBE, is Ace TV Anchor HK!

HK: Welcome to the show your excellency!

V: Thank you.

H: Why do you guys cause diseases to humans?

V: This is preposterous! We need a live cell nucleus to replicate! A matter of survival for us! Don't you people destroy a lot of flora & fauna in order to build cities?

H: Oh!

V: You had been destroying natural earth inhabiting lifeforms for millions of years on a massive scale! Why, even this very studio is built on forest cleared land! Do other lifeforms call you humans "DISEASES?"

H: I see your point your honour! Apologies for the wrong word usage!

H: All are scared of genital herpes infection (oh! sorry again!), or rather eruption! Though it occurs only once a year generally!

V: That FEAR is caused because the BRAIN is the second most FAVOURITE ORGAN for humans! Huge world & life is temporary! Can't we coexist peacefully?

H: But it causes swollen lymph nodes, pain & boils your honour!

V: Elementary Doctor HK! Elementary! Change your lifestyle & all are happy

H: Oh! Are you saying that HSV2 can be present in our body asymptotomatically?

V: All humans carry tubercle bacilli always! Everyone indeed!

H: True! TB becomes a problem only when immunity is down

V: Not only that! Thousands of microorganisms inhabit

human body right from birth to death. Some, like abdominal flora, you like! Some of US you HATE!

H: Not me comrade! Enlighten

V: Quit smoking & sugar for no flare-ups

H: Really? This is news to me!

V: Sure, we can all live together symbiotically. You keep cows for milk & meat, pets for protection & enjoyment. Keep us too!

H: HSV2 is ok but others like HIV AIDS kill us!

V: Elementary again! Imbecility is to blame! Research money goes to WMD!

H: Very true! Your highness, I have this doubt. HSV2 is with us since time immemorial but only NOW humans are WORRIED!?

V: Yes. Earlier people never minded annual eruptions & went on with their lives. 10 days of symptoms with smoking & sugar. No big deal. Common cold is 15 days

H: Yeah! So why this FEAR suddenly?

V: Elementary HK! Drug companies!

H: Oh!

V: These imbeciles failed in finding a cure! Instead, they invented Acyclovir to treat just the symptoms! From 1982 onwards, multinational drug companies started creating a MEDIA HYPE & MASS HYSTERIA!

H: SPREAD FEAR & SELL THE MEDICATION!

V: Exactly! They created such sort of publicity & FEAR against genital herpes that global annual revenue for HSV2 symptom treatment alone stands at \$4.8 BILLION in 2017!

H: Oh! Only for symptoms

V: Yes! They hire professional SPIN DOCTORS!

H: There are one or two things we could do! First, our CHANNEL can create PUBLIC AWARENESS against this illogical mass hysteria & educate people about the BENIGN nature of HSV2.

V: And secondly?

H: Don't be offended your excellency! We can try & MOTIVATE RESEARCHERS for a CURE!

V: LOL ha ha ha! What has research to do with cure?

H: What

V: How naive you are! Elementary Doctor HK! Elementary!

H: Then who does?

V: Of course, the POLITICIANS!

H: Oh!

V: Viral research & vaccine development laboratory is an extremely dangerous & high-security business!

V: NO RESEARCHER will be able to do anything without prior governmental clearance on such high sensitive, high risk area

H: But drug corporations do independent research, right?

V: NEVER! They may, provided they intimate government & security agencies at each stage of research!

V: Ultimately, it is the POLITICIAN who MAKES or BREAKS research! Everywhere, through all ages! Only the POLITICIAN holds keys to UNLIMITED FUNDING!

H: Yes true! OK our CHANNEL will motivate politicians then!

V: Tough competition comrade! You may have to reckon with GREED & US!

H: How so?

V: First is the POLITICIAN'S own personal interest & preference, which usually is towards spending unlimited funds on WMD alone, worldwide! Politician's education

being what it is, this situation is generally favourable for us!

No offence intended!

H: None taken too!

V: Then again, in an extremely rare scenario where an "enlightened" politician might promote HSV2 research, you guys are gonna reckon with US

H: Oh! Really? How can VIRUSES influence political decision making process?

V: We have, what you say, certain "CONNECTIONS!"

H: Blimey!

V: Have you ever heard of our GODFATHER Signore Marburg Ebolaionee?

H: Oh! The MAFIA Virus! Murder Incorporated! The killer SYNDICATE! The MOB Virus!

V: Exactly! If it comes to that where we may have to defend ourselves, we wouldn't hesitate to make a call!

H: Good Lord! Then

V: Without going into details as it goes against our own self preservation, I may be able to help you only in a general manner here! OMERTA! Please understand!

H: Holy cow! An example?

V: Well, if you insist, let me try. Our Godfather may open
THE BOOK! & might contact someone!

V: Through our Cosa Nostra network, for example, we
might instruct Consigliere Rhinovirus to infect a
President's wife with common cold!

So that she doesn't give it to him, you know what I mean!
Irritated, he will block funding for HSV2 research & sign
default WMD bills instead!

HK: Astounding!

HSV2: Elementary my dear HK! Elementary! Now, it is time
to say Sayonara! A gift for you!

SUGAR SMOKING SWEET

HK: What is that?

V: HAIKU! Get an education man! Haiku is a short poem in
3 sentences! In 5 syllables, 7 syllables & then 5 again!

H: Oh! Thank you!

BIRTH OF IMMUNOLOGY AND VACCINATION!

=====

=====

Once upon a time, a 13-year-old boy named Edward Jenner

became an apprentice to an apothecary. He overheard a milkmaid remarking that,

"I will never get smallpox as I already had cowpox!"

From same family, COWPOX is mild when affecting humans whereas SMALLPOX is a deadly killer!

Millions used to DIE contracting SMALLPOX and the few who survived retained the SCARS!

Later, in 1796, while practising as a physician, Edward Jenner had a dairymaid patient, Sarah Nelmes, who was infected with COWPOX.

Remembering old milkmaid's tale, Edward Jenner had an idea!

He too had observed that cowpox patients were immune to SMALLPOX!

The milkmaid had gotten infected from milking a cow named Blossom

So he took some PUS from Sarah's wound! & scraped it on to the hand of James Phipps, an 8- year-old boy, son of his gardener!

The boy got COWPOX!

After a few days of fever & malaise, boy recovered.

THEN! Edward injected the boy DIRECTLY with
SMALLPOX PUS! taken from the wound of a recovering
SMALLPOX patient!

The boy DID NOT develop infection!

VACCINATION was born! (Vacca: Cow, in Latin).

TODAY, WE DON'T HAVE smallpox!

REMEMBER

EDWARD JENNER: Father of Immunology!

SARAH NELMES: Mother of Immunology!

JAMES PHIPPS: Son of Immunology!

BLOSSOM COW: Pet of Immunology!

Nowadays, we have developed vaccines against such
deadly killer diseases like RABIES! POLIO! MEASLES!
MUMPS! RUBELLA! HEPATITIS!

=====

LAYMAN UNDERSTANDING VACCINATION

=====

ANTIBIOTICS are INEFFECTIVE against VIRUSES!

An ANTIGEN is any toxic substance that will make human
body produce ANTIBODIES against them.

In VACCINATION, we take DEAD OR DISABLED VIRUSES & induce them into human body.

Body produces ANTIBODIES!

These ANTIBODIES protect us from getting the original DISEASES!

For example, Louis Pasteur, during 1880s, used to inject laboratory rabbits with deadly RABIES Virus! All rabbits died!

Then he let the dead rabbit bodies to dry out under Sun to disable, weaken or "kill" VIRUSES!

UNCLE of Immunology, LOUIS PASTEUR removed the spinal cord of 10-day-old dried up rabbit corpses, which are filled with weakened RABIES VIRUSES!

Then he INJECTED them into the body of Joseph Meister, a 9-year-old boy bitten by a RABID DOG, who was anyway doomed to CERTAIN DEATH!

Boy recovered!

FIRST HUMAN to ESCAPE death from RABIES VIRUS!

All the milk you gulp down daily is made harmless by a technique known as pasteurisation, developed again by LOUIS PASTEUR!

Lot of animals, birds & other lifeforms undergo great suffering to provide us with vaccines

Now, it is high time that humans make an effort to be more understanding & kind to other lifeforms

As you did not understand what is written above, let us explain!

It is not enough to practice vegetarianism or avoid direct killing! Toxic waste dumped in Oceans kill marine life!

DEFORESTATION causes millions of birds to die! RAINFALL decreases & land becomes desert!

Try using water to WASH ASS instead of using tissue paper, for which whole FORESTS are CLEARED every year!

POLLUTION from fossil fuels (petroleum) kill plants & trees en masse!

PLANT TREES

MINIMISE personal automobile use until alternative clean energy sources are developed! Switch to PUBLIC TRANSPORT.

VOTE ONLY for leaders who are serious about NATURE CONSERVATION!

No blah! Actions needed!

TOXIC POLLUTANT RADIATION causes new variety of
MUTATED VIRUSES to form!

VIRUSES are UNIQUE creatures & one method that worked
against one may not work against another!

GREATEST VACCINES were developed CENTURIES AGO by
DEDICATED men with LOVE for MANKIND on
SHOESTRING BUDGETS & ONE ROOM LABORATORIES!

SHAME ON MULTIMILLION CORPORATIONS &
RESEARCHERS!

=====

VACCINATION VERSUS ANTIVENINS!

=====

We all know that we need DIFFERENT MEDICATIONS to
treat various illnesses caused by microorganisms

There are NO PANACEAS!

In the same way, human body also produces DIFFERENT
TYPES OF ANTIBODIES against each intruding antigen it
perceives as a threat

All ANTIBODIES are SPECIFIC

The usual GANG of GERMS multiply inside our bodies at a
RATE that could be matched & even surpassed by our
immune system.

Once enough ANTIBODIES are produced that bind to each illness-causing ANTIGEN, our body CONQUERS the microorganisms & we are CURED!

This takes some "TIME!"

First, human body has to identify the PARTICULAR disease-causing pathogen.

Then it has to make PATHOGEN-SPECIFIC ANTIBODIES so as to try for a winning chance against the disease in this everlasting, eternal FIGHT FOR SURVIVAL!

For common maladies, we don't even need medications

We become "ILL" with symptoms during THIS TIME period!

We become "CURED" when THIS PROCESS is completed!

VIRUSES are GREASED-LIGHTENING FAST! when it comes to multiplying by replication!

Before body could do anything, they invade & bring IRREPARABLE DAMAGE to our immune system

For example, technically speaking

COBRAS are not poisonous!

COBRAS are venomous!

POISON is something that KILLS you when ingested!

VENOM is something that KILLS you when it gets into your bloodstream!

Technically speaking again, one may EAT or DRINK cobra venom without dying

PROVIDED, one doesn't have any wounds or sores, from mouth to anus, in the alimentary canal!

ANTIVENINS which we use against snake bites are made in a somewhat similar manner to VACCINE making!

Huge horses are INJECTED with low-dose snake venom!

Horse body produces ANTIBODIES!

These ANTIBODIES are then extracted & purified for human use!

As horses are also MAMMALS, those ANTIBODIES will work fine for us to NEUTRALISE snake venom in human body!

COBRA VENOM is a NEUROTOXIN that BLOCKS NEURAL SIGNALS from reaching muscles, PARALYSING! DIAPHRAGM & KILLS!

ALBERT CALMETTE, student of "UNCLE" LOUIS PASTEUR!; scientist & officer of the PASTEUR INSTITUTE!; invented the WORLD'S FIRST ANTEVENOM in 1895! against the venom of Naja Naja

Cobra venom kills humans through SUFFOCATION by
PARALYSING DIAPHRAGM, where victim is unable to
breath

Technically speaking once again, if you can keep a victim
ALIVE somehow, through artificial RESPIRATION using a
ventilator or some other device; slowly, slowly, human
body will SYNTHESISE, NEUTRALISE & METABOLISE the
VENOM!

BUT IT WILL TAKE A LOT OF TIME FOR OUR BODY TO DO
THAT!

VACCINES are also made by injecting DISABLED or
WEAKENED VIRUSES into the BODY of other MAMMALS!
To produce ANTIBODIES!

These, in turn, would FIGHT against the LETHAL VIRUS
infections of human body!

So that OUR BODY will get a helping hand from
ANTIBODIES contained in VACCINES!

TECHNICALLY SPEAKING ONCE YET AGAIN, HUMAN
BODIES ARE CAPABLE! TO DESTROY VIRUSES, WITHOUT
VACCINES!, BY MAKING OUR OWN IMMUNOGLOBULINS
(ANTIBODIES) AGAINST THEM!

THIS NEEDS A LOT OF TIME!

COMPLETE ORGAN FAILURE & DEATH HAPPENS BEFORE
THAT!

IT IS ALL A MATTER OF ENOUGH "TIME!"

NOW, technicalities & hypotheses aside, let us take a
SCIENTIFIC look at the PRACTICALITIES of VIRUS
INFECTIONS & SNAKE BITES!

VIRUSES get into human cell nucleuses & multiply rapidly!

They overcrowd & ultimately BURST! the HOST CELL!,
KILLING IT!

Then they get into NEXT CELL!

They do this SO FAST! that whole ORGAN SYSTEMS
CRASH & humans DIE!

For BODY to identify VIRUSES & then FORMULATE the
SPECIFIC type of ANTIBODY against them will require
TIME!

WE MAY HAVE TO LIVE UP TO 500 YEARS! OR MORE TO
CONQUER VIRUSES! IN AN ICU! AS VIRUSES ARE
MULTIPLYING!

OUR BODY IS FULL OF MICROORGANISMS

SURGEONS WASH HANDS RIGOUROUSLY WITH SOAP
PRIOR TO AN OPERATION!

THEN THEY DRY OUT THEIR HANDS ON STERILE, CLEAN
TOWELS, WHICH WERE WASHED & IMMERSED IN

BOILING WATER!

THEY PUT ANTISEPTIC POWDER ON HANDS & THEN PUT
ON STERILE SURGICAL GLOVES!

AFTER DOING ALL THOSE THINGS, DO YOU KNOW HOW
CLEAN THE HANDS ARE? WHICH ARE INSIDE
ANTISEPTIC-POWDER-COATED GLOVES!?

ZILLIONS!

ALL THAT CLEANING HAS JUST RELOCATED
MICROORGANISMS FROM HERE TO THERE! ON HANDS!

THIS IS HOW WE LIVE!

THIS IS OUR CLEANLINESS! WITH CARE & HYGIENE!

Hence the VIRUSES!

Hence the need for VACCINES!

Most of the important vaccines are nowadays available
worldwide, free of cost, for infants.

Responsible governments do take initiatives to see that the
irresponsible public COMPLY with WHO policy of
compulsory VACCINATION for all

That said, there are again hundreds of VIRUSES out there
which might get you with growth & LIFE!

Some harmful, some not.

ONE THING IS CERTAIN!

NOBODY IN THIS WORLD HAD EVER CONTRACTED A
VIRUS BY ASKING FOR IT!

IT WAS GIVEN TO HIM FREE BY SOCIETY, VICTIM
TAKING IT UNKNOWINGLY!

HUMANS ARE NOTORIOUS WORLDWIDE FOR SHOWING
UNBELIEVABLE CRUELTY AGAINST VIRUS VICTIMS!
THROUGH ALL AGES!

EARLIER, IT WAS TOWARDS PLAGUE & LEPROSY!

NOW IT IS TOWARDS VIRAL INFECTIONS!

SMOKERS KNOW THEY WILL GET CANCER! STILL THEY
DO IT!

WHEN CANCEROUS, YOU MAY RAISE A FINGER!

VIRUS VICTIMS NEVER KNEW! THEY CARRIED THE RISK
FOR VIRAL INFLICTION!

THEY WERE CHEATED INTO IT!

HOW THE HELL CAN YOU RAISE A FINGER AGAINST
INNOCENT UNKNOWING MEN?

VACCINE RESEARCH & DEVELOPMENT ARE

GOVERNMENTAL RESPONSIBILITIES, AREA HIGHLY
NEGLECTED! DUE TO ARMS RACE & WMD!

Traditional medicine CHEATED! millions of humans

ASTROPHYSICS! HOW STARS ARE FORMED!

=====

A mother took her teenage daughter to the primary care
physician!

After detailed examination, the doctor called them both
back into her office for diagnosis & treatment plan.

"I HAVE GOOD NEWS & BAD NEWS! WHICH WOULD YOU
PREFER TO HEAR FIRST!?"

Mother looked at daughter & said

"Good news first please!" Mother said!

Doctor: "Your daughter has herpes simplex virus type 2,
commonly known as genital herpes!"

Mother: Oh my gosh! You call this good news!? Oh! What is
the bad news then?

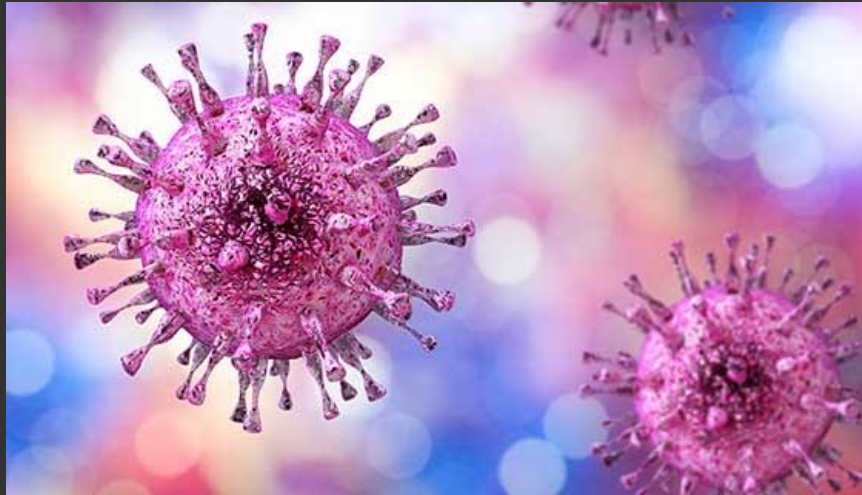

D: Your school going 15-year-old teenage daughter is 2-
month pregnant!

M: How dare you! Why my little sweetie pie has never even
looked at boys to date! The very cheek! My baby is still a
virgin!

Immediately doctor went to window & stood there!

M: What the hell are you doing doctor?

D: Last time something similar happened, there was a star above!

PREAMBLE TO LANGUAGE METAPHYSICS

1. Human thoughts are generally general in nature.
2. Specific thoughts become ideas.

3. Thoughts & ideas need to be formulated for clarity.

4. Language acts as the medium to give form.

5. Understanding invariably is relative for individuals.

Most of us are not that sanctimonious with word usages in day-to-day life. We are not worried about the split-hair meaning differences unlike accomplished writers or dictionary authors

Even simple words carry & convey subtle distinctions, nuances & overtones to different people.

For example, ENVY is a word that describes an uneasy feeling in a 2- person situation.

Simply put, you are ENVIOUS of a neighbourhood singer. He can sing well but you can't. Still you feel ENVY.

ENVY is something you feel against someone EVEN THOUGH YOU DO NOT POSSESS THE GIFT.

JEALOUSY is often a 3- person situation where a bitter feeling arises due to personal fear; of losing something which you already have or could have had.

You feel JEALOUS seeing your friend getting more chummier with your girlfriend!

Here both competitors are equally qualified.

You feel JEALOUS when your friend wins a lottery prize!
You didn't! Though you could have!

You feel ENVY when a local artiste wins national acclaim!
Though you don't know dancing!

The POINT is who among us cares about these finer
distinctions?

We use both words interchangeably

We have all read thousands of pages in life where we have
come across ENVY & JEALOUS a hundred times for sure.

If we took these words for granted without ever
contemplating the finer SUBTLETIES, then you too will
agree that this definitely might have MESSED up our
UNDERSTANDING!

We talk, read & write a lot all through our lives, without
never really understanding completely what someone
wrote, what we heard, or "thought what we heard!"

Words used at random causes court cases & public
upheavals.

SIMPLE SOUNDS produced by humans INCITE VIOLENCE
& MURDER!

This explains quite well that we LACK A LOT on general
understanding principles, even with vernacular languages

So think about getting inflamed on second language!

Individual VANITY is so STUPENDOUS that even silly
SOUNDS can change FATE of millions!

All lifeforms make sounds!

There is never any cause of concern regarding SOUNDS
with Flora & Fauna

Oh! You say that issue is critical here because of advanced
brain & language understanding capabilities?

We just saw how flawed & relative our understanding really
is!

Ordinary WORD clarity is 50% at best.

Sounds at least possess TONE inflections which could be
pointed out as a cause for HURTING HUMAN PRIDE.

Words printed on a piece of NEUTRAL UNEMOTIONAL
paper PROVOKE humans into UNFORGIVABLE ACTS!

No sound or tone issues there!

You SEE something! You UNDERSTAND something else!

Then comes the CURSE of the earth, incompetent
INTERPRETATION!

For example, there is a well-known clichéd phrase found both in Oriental as well as Occidental cultures.

"Those who live by the sword shall die by the sword."

Some interpret this as,

"AS YOU SOW SO SHALL YOU REAP"

Some say that there is no harm in killing him as he too have killed! (in army!).

Others say that first sword is enemy's EVIL sword! Second sword is our RIGHTEOUS sword!

Another interpretation is that the phrase should not be taken literally! In reality, it means something else!

It shows the NOBLE way of a soldier, to live by sword & to die by sword COURAGEOUSLY, another one says!

Do not die like an old withering vegetable!

Some say that you are MISINTERPRETING a seemingly UNRELATED ANCIENT TEXT & trying to make it FIT our present realities, foolishly!

THE POINT.

1. Human mind understands words & sounds RELATIVELY.
2. EVERYTHING is open to various INTERPRETATIONS.

3. Human PRIDE deflects & discolours COMPREHENSION.
4. OVERREACTING to speech & text causes great misery & pain.
5. It is STUPID to get INFURIATED on mere WORDS.

SERIOUS-LANGUAGE METAPHYSICS

ABUSES ARE SIMPLE WORDS THAT MAY CAUSE DEATH & DESTRUCTION, WORLDWIDE, HENCE WARRANTS LOOKING INTO

Once a religious student put forward a theory eulogising the use of MANTRAS

The benefits of regularly chanting words that were considered auspicious.

THE ARGUMENT

When we use ABUSIVE VULGAR words, someone or the other gets into a WRATH & become VIOLENT

This definitely proves that simple WORDS EVOKE complex EMOTIONS in humans that may snowball into counter ABUSES, physical FIGHTS & even DEATH.

POWER of WORDS are illustrated.

IF ABUSIVE LANGUAGE can induce VIOLENT BEHAVIOUR,

then it stands to "good reason!" that AUSPICIOUS WORDS
might bring PEACE & HARMONY to all!

Repeating MANTRAS & other form of ROSARY CHANTING
regularly would definitely make humans HAPPY!

NOT QUITE!

Let us EVALUATE the ARGUMENT.

FIRST OF ALL, ABUSIVE WORDS BECOME VULGAR ONLY
IF YOU KNOW THAT PARTICULAR LANGUAGE!

YOU MAY VULGARLY ABUSE ALL YOU MAY, USING THE
MOST INAPPROPRIATE & DIRTY WORDS, AGAINST
SOMEONE WHO DOES NOT SPEAK YOUR TONGUE!

THERE WILL NOT BE ANY INCONVENIENCE OR ANGER!
just mind the tone!

Similarly, a foreigner who chants a MANTRA or auspicious
WORD repeatedly MIGHT NOT become happy or peaceful
just because someone TOLD him so!

For an ARGUMENT to be accepted as LOGICAL, it should
possess certain VERIFIABLE qualities

ALL SHOULD BE ABLE TO PRODUCE SIMILAR RESULTS!

Regardless of language, environment or time, people
practising a particular FORM of WORD PLAY should be
able to bring forth REPLICABLE BENEFITS that could be

OBJECTIVELY measured.

This is the ONLY SCIENTIFIC way by which an ARGUMENT may get into the COVETED, ELITE, LOGICAL CLUB!

"HUMAN ETHICS should be based on sympathy & education; NO religion is necessary. It's a poor way if man had to be restrained by fear of punishment & hope of reward after death" (verified)

"INSANITY is doing the same thing over & over again, expecting a different result" (apocryphal)

Albert Einstein

Back on ground again, human abuses worldwide, in all languages, are just vulgar SLANGS for the sexual ORGANS which are HIDDEN! & the ACT of COITUS (again hidden) with its varieties

Generally speaking ABUSES involve only DESCRIPTION of 4 human organs & only 1 way to human ORGASM!

The 4 main protagonists of world abuse word plays.

1. Monsieur Penis.

2. Mademoiselle Vagina.

3. Mister Anus.

4. Miss Mouth.

Act One.

1. All leading to sexual release, ejaculation & orgasm.

THE POWER OF VULGAR WORDS TO HURT IS
INTENSIFIED WITH ALLUSIONS TO INCEST & INFAMY!

The BURNING power of scathing abuses are INVERSELY
PROPORTIONATE when descriptive "ACT OF MAKING
LOVE" is ATTACHED to socially unacceptable relationships.

Hence, EVERYWHERE friends joke, laugh & have a JOLLY
good time using the most dirty & vulgar abuses possible for
whole days!

Once you attach the SAME DESCRIPTIVE WORDS to
culturally banned relationships, all HELL BREAKS LOOSE!

The EXACT SAME TERMS that gave so much mirth & merry
earlier turns a situation into ugly, dangerous & life
threatening! with attachment of VULGAR WORDS to YOUR
MOM, SISTER, etc.

Human abuses were socially constructed through
centuries by successive generations of humans, in different
languages worldwide, with SO MEAGRE a VOCABULARY
that you will be ASTOUNDED at the RESULTS achieved
with a count of just LESS-THAN 10-words in total!
EVERYWHERE!

MIND PLAY!

Anger & violence erupting on simply hearing human-organ
NAMES attached to ACTS of sex with persons enjoying a
special status in YOUR mind is MIND PLAY! reinforced by
culture & social conditioning!

Millions suffer LIFE IMPRISONMENT everywhere for
IMPULSIVE RASH ACTIONS UPON THIS!

PRIDE! CAUSES ALL VIOLENT HUMAN REACTIONS!

Only personal VANITY gets hurt upon abuses!

Once!

After a single impetuous act, STUPID humans live
PEACEFULLY! hearing the VILEST & UGLIEST ABUSES
hurled at them by POLICEMEN & jail inmates, everyday, for
YEARS!

No complaints there!

Let us conclude this discussion of human VAINNESS
EXPLODING upon hearing organ names & banned sex.

Only HIDDEN organ names incite!

Though considered highly erotic & PRESENTLY COVERED
worldwide, BREASTS are excluded because of its
MOTHERLY nature & periodic necessary uncovering!

(Choice B): Read & answer

Once upon a time, during the year b.c.e. (before common era) 816911 to be precise, lived a Neanderthal Hominidae family in Eurasia.

The primate had a hunter son, gatherer daughter & other ape family, who all lived in a mountain cave.

Once, aged 13, son confronted his father.

"I'm sexually mature now & need sex! As marriage isn't possible unless I've my own cave & food reserve, I would like to have a whore!"

The ancient Neanderthal beamed & said.

"Nowadays, whores demand at least a week's meat for that. Expensive you see!"

Ape son: Don't worry! I killed a boar yesterday! I can barter it!

F: All right, take a week's meat & go! Best wishes!

So the ape son cut out enough meat & left

When he came out of cave, his mother asked him why the hurry?

The son explained & mom was aghast!

"Oh! Why spend so much meat on that? These are very difficult times you know! Take only half of meat!"

So son cut meat again to half & was walking when his father's mother saw him

When he explained what he was up to, primate granny exclaimed!

"All this precious meat just for sex? Come on, you want sex that's all, right? Why give food to strangers? Always keep meat within the family! Come with me! I will sleep with you!"

So, ape son agreed & did his thing

After sex, the son went inside his father's cave. Seeing him, the primate asked.

"How come you came back so soon? Didn't you go to the prostitutes' cave?"

Son: I was going but on the way, your mom stopped me & told me never to waste expensive meat on whores. We are poor, right?

Neanderthal Son: So, to save meat, I slept with grandma!

Neanderthal Father: What? You BLOODY RASCAL! How DARE you sleep with MY MOTHER? I will kick you!

Son: Good heavens! Why are you so ANGRY? If you can

sleep with MY MOTHER, then why the hell can't I sleep
with YOUR MOTHER!?

[After reading the story, how do you feel? Choose any one

questions with counter questions?

Native: Who told you that?

Question 3

Finance Minister: I made a blunder in press conference
today where I told that a soaring inflation, fiscal deficit &
currency devaluation are sure signs that our country's GDP
& economy are strengthening

Wife: Fine. Leave all that. What was the blunder that you made?

Question 4

Chronicler: "It was the greatest HORROR of my life. I had been institutionalised in a mental asylum for 2 years in a suicide-proof room where only food & mind-altering drugs were provided daily without no hope of getting out. Always incarcerated! inside a 12x12 room!"

"Then mother & sister moved the court, citing I was insane; (on an ASPD diagnosis from a private facility); and requested judge's permission to sell my inherited land to pay for lifelong confinement"

Reader: Fine. Leave all that. What was the horror story you were talking about?

{after reading questions 1, 2, 3 & 4, do you find any similarities between them? Or are they all different?}

Choose the correct option

1. Questions are similar as they all have "&" sign.
2. All questions tell a different story
3. Questions are incomplete
4. All of the above.

THE IDEAL STATE

ATTENTION! WORLD RULERS!

The most important thing is the PRESENT!

Not the PAST. Not the FUTURE.

POWER vested upon your sorry self is INTENDED for taking care of, of course humans first! then the life-giving flora, fauna, fish, water and earth NOW! IMMEDIATELY!

BIGGEST ISSUE faced by world humanity at present is still the good old FOOD issue, which anyway is eternal, ever-growing & uncontrollable

We do try to deal with it professionally as best as we can, everywhere

FOOD problem is like BREATHING OXYGEN issue

NO HUMAN IS AWARE OF IT!

FOOD & OXYGEN issues bordering dialectical dimension

on discussion, we leave it for professional organizations to handle; sit tight & hope for the best!

We take on PRACTICAL PROBLEMS of the PRESENT!

LACK OF

1. FREE QUALITY HEALTH CARE FOR ALL

2. FREE HIGHER EDUCATION FOR ALL.

Majority decision making public of all countries belong to 21-60 age bracket.

They are predominantly HEALTHY & EARNING!

This group is TOTALLY BLIND to the LACK of QUALITY healthcare & QUALITY higher education! as they don't need it!

This causes WORLD LEADERS TO BE INDIFFERENT!

WHAT IS INEVITABLE HAS TO BE ENDURED!

TAXES are thus paid!

We understand TAX to be a necessary EVIL! that won't go away! PERSISTING always like the proverbial FLY IN THE OINTMENT!

Even the unhealthy, unearning & uneducated PAY TAXES
THROUGH NOSE! on goods purchase!

NO ESCAPE!

World Citizens think TAXES are required to pay for the
defence of their beloved FATHER LAND!

Some believe that TAXES are needed so that FATHER LAND
can act as the WORLD POLICE!

Fault-finding Fourth Estate estimates high TAXES fund &
provide JOLLY GOOD LIFE, but only for rulers!

Public consensus worldwide is this that TAXES primarily go
into defence sector, national security, research &
development, foreign country meddlings & lots of OTHER
highly classified, top-secret, difficult-to-understand
GOVERNMENT ADMINISTRATIVE "THINGS"

We agree wholeheartedly!

As unofficial EARTH HUMAN REPRESENTATIVE, we
strongly condemn the PRESENT practice.

We unequivocally INSIST on IMMEDIATE reduction in
expenditure related to all those sectors mentioned earlier.

We furthermore DEMAND that majority TAX money should
pay for healthcare & education.

WMD, AI, robotics & space mapping of KUIPER belt can wait!

We have IMMENSELY BIG healthcare & education crises looming at PRESENT.

KUIPER belt had been waiting there for zillions of years. It won't run away!

Old Henry needs FREE healthcare!

Young Kristen needs FREE education!

As unofficial LIFE representative, we EXHORT the world public to support us in this MISSION!

1. QUADRUPLE TAXES! ON ALCOHOL, AUTOMOBILES, TOBACCO & ENTERTAINMENT!

2. PROVIDE QUALITY HEALTHCARE & HIGHER EDUCATION ABSOLUTELY FREE FOR ALL!

TO BE IMPLEMENTED WITH IMMEDIATE EFFECT!

The IDÉAL state should LEVY HEAVY TAXES! upon its citizens for their LIFESTYLE VICES! & ENTERTAINMENT!

The IDÉAL state should REWARD its citizens for their VIRTUES, SACRIFICES & HARDWORK by providing them with NO-HIDDEN CHARGES FREE QUALITY healthcare & QUALITY higher education!

GREAT ORIENTAL MASTER COMPLICATIONS STRIKES
AGAIN!

=====

Once upon a time, thousands of years ago, Great Oriental
Philosopher Complications saw a beautiful garden laid out
in extravagant elegance & glamour

Green sprawling lawns interspersed with cascading
streams & huge tree canopies that provided shade.

There were flowers everywhere!

Seeing the beauty of nature, Complications asked a villager
"who owned the place?"

Ancient rustic bowed low & answered,

O honourable master! The whole village owns the garden!
Here, this road leads direct to village chieftain's house!

Hearing thus, Complications took the road!

Village head also bowed low & immediately lighted an
incense stick!

"O most respected master! what brings thee to my humble
abode?"

Great Oriental Philosopher Complications answered kindly.

Your garden is spectacular & splendid!

I wish to start a FREE hospital & school there!

C: Hence, I request you to kindly gift me the garden so that it may benefit all. Future generations will definitely thank you!

VH: O venerable one! I wish I could! Please accept my apologies as we cannot donate it to thee! This garden hides a deep secret of ancient past!

C: Oh!

VH: O learnt one! Please let me enlighten thee!

Once upon a time, thousands of years ago, this land was all forest! A great emperor ruled then, who was very fond of hunting!

One day, great emperor took his beloved queen & came here for hunting! In afternoon, emperor took a nap!

VH: The faithful empress waved a folding fan over her loved master's head to ward off insects, as the great emperor was resting with his head laid upon queen's lap!

In his sleep, emperor saw a nightmare!

He dreamed that he was at war with his constant enemy,
EVIL neighbour king!

VH: In dream, emperor saw that the EVIL king POKED! his
SWORD deep into emperor's HEART!

At this time, the unknowing queen, awake, was faithfully
serving her lord & master!

She saw to her utter consternation that an EVIL mosquito
was sitting on the chest of her beloved husband!

VH: The ever-loving queen immediately folded her fan &
swatted the gnat to kill it!

MYSTERIOUS are the WAYS of ancient coincidences!

DREAM & queen's swat synchronised somehow!

CONFUSING queen's blow to chest as EVIL king's sword
entering his HEART, king DIED of cardiac arrest!

VH: O the poor queen! Unaware of king's dream, she saw to
her utmost HORROR! that her protector now lay dead!

She had HIT him! with folding fan!

She herself has killed her husband who was the eternal
guiding LIGHT! of her LIFE!

In sorrow & anguish, the QUEEN committed SUICIDE!

VH: O wise master! Now you know why we can't gift thee the land! The garden holds a very special place in our mind! So sad & sentimental a story like this associated with it!

Great Oriental Philosopher Complications coughed & spoke!

Thy STORY is a LIE!

I will PROVE it to thee!

C: Thou nasty village politician! Thou hast LIED to me to keep the garden for thyself!

VH: O knowledgeable lord! How so? I CHALLENGE thee to PROVE my story FALSE!

If you can do so BEFORE this new INCENSE STICK burns out, well then, SURE, I will gift thee the garden immediately!

Complications smiled & uttered these words of wisdom!

KING died in dream!

QUEEN also died there!

Then HOW the hell did you LEARN about the DREAM?

And thus, Complications the Wise won the garden! founded
his FREE school & hospital!

It GREW into a great city NOW called BYJING!

TEMPEST IN A TEA CUP!

=====

THE UNITED NATIONS SECURITY COUNCIL was
embroiled in a heated deliberation regarding strong
military action! against politically corrupt country for its
anti-humanitarian activities!

During refreshments break, council members were
drinking TEA.

ORGANIC GREEN TEA was USHERED in!

The Caucasian and Asian delegates opted for Green Tea
black & sugar less, while BROs opted for carbonated
beverages!

After a while, Caucasians noticed with HORROR! that Asian
delegates poured Green Tea into porcelain cups first!

And then they TRANSFERRED Tea into their SAUCERS!

The Caucasian delegates of UN were SILENTLY SIPPING &
enjoying their FREE! TEA from cups, while the Asian

delegates drank it STRAIGHT FROM SAUCERS! with
SLURPING SOUNDS!

While this was going on, one of the Caucasian
representatives went & sat alongside their Asian
counterparts!

CR: "Asian friends, for heaven's sake! this is THE UNITED
NATIONS! You guys drink tea like this? LIKE ANIMALS!
Sucking tea in from SAUCERS! That too with SLURPING!
SOUNDS!"

"Can't you guys see how WE drink Tea from cups?
SILENTLY! Maintaining the dignity & decorum of the
place!"

Leader of Asian delegation bowed, smiled & said

"Your Excellency! Accept our apologies for disturbing your
peace of mind! We know you are highly educated. Do tell
us who DISCOVERED tea & INVENTED the art of tea
drinking?"

CR: Very well, tea was discovered in the MIDDLE
KINGDOM!

CR: ART of TEA CEREMONY also started there.

Through centuries, the art of tea drinking spread all around
Asia with many countries adding finesse & panache to it!

Now the art of tea drinking has become traditionally & culturally important in Asia.

AD: What about CUPS & SAUCERS?

CR: Yeah! FINE CHINA porcelain cups & saucers were also invented there before the anglicized BONE CHINA variety in 19th century!

AD: Then, won't your Excellency agree that if we did DISCOVER tea & INVENT cups & saucers, Asians know how to drink tea much better than any European?

MAHARISHI SRI LOVESH SAVIOUR ARRIVED! here today
for the inaugural ceremony of new psychiatric block of his
Super-Speciality charitable hospital!

Whole city was at a STANDSTILL!
As event was pre-announced, all roads leading to airport &
H.H.M.S.L.S. institute of advanced medical sciences &
technology were clogged beyond comprehension!

People in the throngs had been waiting all night sitting on roads just for a mere glimpse of H.H.M.S. LOVESH SAVIOUR JI!

Upon eagerly awaited arrival, people of the CAPITAL went berserk!

There was dancing & cheering all around!

CAPITAL'S law enforcement officers & administration were forced to call in additional reinforcement from paramilitary commando units! to ensure maintenance of law & order!

HK: Kindly tell me about the inauguration.

H.H.M.S.LOVESH SAVIOUR:

I have arranged a professional psychiatric ward where psychiatrists can do ELECTROCONVULSIVE therapy & ZOMBIE transition treatment!

LS: Central power ministry has agreed to provide us with dedicated 666 KV Sub Station!

HK: WHAT is the PURPOSE of building a super speciality hospital with CHARITY-MONEY where treatment charges are 20 times higher than in government hospitals?

LS: Attitude issue! Next question!

HK: Oh! Please tell us about GOD. Readers are very anxious to know

LS: God cannot be perceived by ordinary human senses

You need to develop extrasensory perception by transatlantic transcendence deep dynamite meditation! Yoga techniques also can help the truth seeker initially!

LS: God is the embodiment of spiritual perfection. It is the eternally reverberating inherent energy cognisant in all of us!

Meditation allows your suppressed inner self to truly manifest!

Then we transcend the material dimensions to reach spiritual attainment of eternal bliss!

LS: The God seeker thus reaches the rare spiritual state of everlasting self realisation, perceived only by the rarest of rare humans!

The HARMONY of human CONSCIENCE & TRUE SELF is called SOUL!

The CONSTANT REALISATION of positive ENERGY vibrating within us all, is called GOD!

LS: Then, we ourselves become indistinguishable from God!

Actions end there! Reactions too!

No sins nor vices!

No punishments or guilty feelings either!

You have realised God!

You are in the state of eternal BLISS & everlasting
HAPPINESS!

In modern world, this is difficult!

LS: The truth seeker has to find the right MASTER & GUIDE
who can initiate the novice into supernatural realms of
immaculate perceptions!

Such a master, like me, is born only once in a million years!

Generations of humans FAILED in KNOWING God because
of this SCARCITY!

HK: Oh!

HK: I beg your pardon, but I overheard you advising a
woman to take holy basil leaves to temple! Then again you
asked a foreigner to light a candle in a darkroom to aid in
concentration!

LS: The answer of a master always vary, depending on

spiritual attainment level & intellect!

LS: God is INTANGIBLE & AMORPHOUS!

Like PAIN & HUNGER, GOD CANNOT be explained by
SILLY words!

One has to personally EXPERIENCE pain, hunger & GOD in
order to UNDERSTAND!

If curious please contact our human resources department
for enrolment

Now you know what is GOD!

HK: !?!

OCCAM'S RAZOR ON WORLD FAD!

=====

PUPIL: Guruji, so what about the newspaper report I
brought you?

GURU: 😊

P: Oh! Come on Guruji, don't laugh this aside! I want to
analyse, now!

G: □ oh! very well, proceed. But limit analysis to gist &

leave personalities.

P: OK, tell me, per news report what really is God?

G: I don't know.

P: What? OK, then leave newspaper report. What is God?

G: Same answer, I don't know.

P: No! You are lying! If you won't teach me, then how will I learn?

G: 😊

P: Please ☐

G: Do you know why I still respect the RENUNCIANT PRINCE & the MAN WHO DRANK HEMLOCK?

P: Yes I do! Yeah! They both gave this exact same answer to the same question! Now, you too Brutus? Et tu, Brute?

G: 😊 LOL. How come they both said same?

P: Yeah! Why? I think they were definitely not ordinary. There must be a reason for it, apart from really not knowing!

G:!

G: That 4-year-old neighbour's boy you always bring here

to cuddle & play; last week you were telling him that babies are brought by storks from heaven! You liar!

P: What? Oh! For heaven's sake, he is just a baby! Oh! I see! 😊

G: 😊

P: OK, at least give me something, come on 😊

G: We learn most of the things by teaching, reading & writing.

There are a few things in this life that has to be learnt by a student on his own.

Everyone won't be able to, but the few who do learn, do it on their own.

A teacher might help his ward by arranging the foundation.

P: Example please!

G: Initially, you didn't know any cooking. Now you do.

P: Yeah! I used to just sit & watch others cooking for 6 months, helping only occasionally.

Then you all went to Capital for 2 days & asked me to take care of the place.

But you came only after 1 month!

G: 😊

P: 😊 Fine, so I will learn about God sooner or later, right?

G: Right.

P: All right, let us do the report now. What is this
"reverberating inherent energy" thing?

G😊 LOL. Write 2 new words in note to learn. WEASEL
WORDS & DOUBLETALK.

P: OK, done. Tell what they mean.

G: These are words used by humans when they don't know
what they are talking about or when they deliberately want
to misguide people.

e.g. A politician bribes a judge and gains a NOT-GUILTY
VERDICT!

He speaks to newspaper reporters,

"I am acquitted! Justice & truth prevailed!"

G: On the face of it, all words are ordinary enough but it is
DOUBLETALK.

Another guy, a god man says, SOUL is the substance of being. Only soul matters. World is MAYA! an ILLUSION!

He is using WEASEL WORDS

MAYA DID MEAN SOMETHING TO SOMEONE, TRUE

But our guy doesn't know it.

G: THE BASIC QUALIFICATION REQUIRED TO BECOME A GOD MAN IS THE ABILITY TO SPEAK AUTHORITATIVELY ABOUT THINGS YOU KNOW NOTHING ABOUT!

P: 😊 TRUE what about Yoga?

G: Yoga is the BEST FORM OF EXERCISE in the world we have to date. With gentle motions, it is the most risk free too.

G: As a daily routine Yoga disciplines one & at least for an hour everyday, it keeps one's mind free of bad, malicious thoughts. You think only about Yoga then

P: Great. Hence I do it daily. But you don't!

G: 😊 But Yoga has nothing to do with your God question!

P: Again true!

P: OK, what about testimonials?

G: A man excelling in a given field is stupid in the other.

There are ONLY jack of all trades, master of none

There are NO MASTER OF ALL TRADES!

Hence all are susceptible to cultural inhibitions, traditional superstitions & social conditioning.

G: Flora, fauna, birds & humans are all ATTENTION-SEEKING life forms. It is a congenital universal trait

P: Yeah! colors of flowers! dogs & cats showing acrobatics! ladies become beauties with makeup, lipstick!

G: Singing, writing, dancing, running, acting! List is innumerable!

G: When it is socially advantageous for someone to belong to a particular religious group, he GAINS ATTENTION only by CONFORMING to the WISHES of the group.

P: If majority group is blabbing about miracles & extraordinary events, it is imperative that new INITIATE also does same!

G: Exactly. First you might start with a yarn about a dream.

Then subconsciously, you slowly find out that you receive more attention & praise from group with a reality story

instead of dream one.

P: None in group ridicules you as all are having a jolly good time weaving yarns!

G: A scientist joins some religious outfit & shuns from making any impossible claims or personal experiences.

Another scientist lies about some personal miracle. What happens now?

P: The lying claimant will be HALOED & HIGHLIGHTED worldwide by MEDIA! Other guy, everyone avoids!

G: Slowly people begin to feel inferiority complex in a group if they do not have a personal miracle to add!

P: This goes on like wildfire where every TOM, DICK & HARRY becomes SOMEBODY, at least within their favourite group!

G: RELIGIOUS OUTFITS GATHER STRENGTH THROUGH NETWORK

G: NETWORK helps individuals to solve other issues too

All in all it becomes GREAT to be LYING!

NOW you have umpteen FUSSY FRIENDS! Just get along with tide, weave a yarn once in a while & all are HAPPY!

Raconteur slowly starts to BELIEVE in her own TALE by regular repetition!

PUPIL: 😊 Yeah! Thank you Guruji. Psychiatry anyway we all know is quack pseudoscience.

I have another personal question.

GURU: Ask.

P: You promised me that I will know about God, sooner or later! But what is the guarantee? I might DIE before knowing?

G: □ Oh! No! You won't! □

P: How can you say so with conviction? How can you PREDICT whether I will die or not?

G: Oh! I just had a FEELING that that you might live long enough & further more all this teaching & learning is done with the aim of making you my successor, right? It is just wishful thinking.

P: No, no, no! I know you! You don't use empty words! Come on, tell me how you FEEL that I will live long?

G: Well, this too goes along with the God question, you will know for sure one day.

P: Oh! 😊 OK thanks. Give me an example then!

G: Very well. Imagine that I am a farmer.

G: In this example, I love eating cannabis! But there are big legal issues!

So, I go to the top of a mountain & cultivate cannabis there secretly!

I use what I produce! I won't share it with anyone because it is illegal & then again, using it is a very personal matter of choice

P: Then what happens?

G: I can't discuss it even with my wife & children! I tell them that I buy it from someone!

Once in a while I climb up to check on the plants, maybe water them if necessary!

P: OK, fine. Very hush, hush secret.

G: I can see all the countryside from there

G: There is a village road down below. From atop, I always see a bus plying at regular intervals through this road.

There is a waiting shed on the road where passengers can sit & wait.

One day, I am on top of the mountain tending to the plants.

Far away, below, I see the bus!

G: But today, there is a breakdown! I can see the bus stopped & passengers all sitting here & there on road, far away, maybe 3-4 kilometres away.

P: OK.

G: I know that there won't be any replacement buses today, this being a village route.

Anyway, after some time, I come down.

G: There is a local family waiting for bus in the bus shelter.

I already know that bus won't be coming today! I go to them with a helping attitude.

I inform them that bus won't come today. You guys better head back home & come again tomorrow.

Why waste time unnecessarily here?

G: UNFORTUNATELY the family is NOT BELIEVING me!

They are insisting that a bus ply through this road everyday!

Today the bus is late! Maybe because of rain! It will come!

I will NEVER tell them anything about my hilltop SECRET
VIEW of bus breakdown!

They are locals & curious!

G: I don't want anyone to come & climb the mountain!

Cannabis is a serious issue!

So, WITHOUT REVEALING how I came to POSSESS the
UNIQUE KNOWLEDGE that bus won't be coming today, I
try my level best to make them go home, futilely!

They are repeatedly asking me HOW CAN I KNOW?

GURU: Hence, I have made a PREDICTION of future, which
is 100% CORRECT!

But there are no benefits to be gained because people
always want to know HOW I GAINED knowledge!

They need SOURCE! to believe & take logical action!

That won't happen!

PUPIL: 😊 Yeah! Guruji! Understood!

GURU: We shall now conclude today's discussion

THE FIGURATIVE HEIGHTS A MAN ACHIEVES IN LIFE
ENABLES HIM TO MAKE PREDICTIONS IN SPECIFIC
AREAS BUT NOT EVERYWHERE!

PREDICTIONS ON INDIVIDUAL FUTURE IS DIFFICULT,
BUT OF A PARTICULAR SOCIETY, EASY!

PUPIL: Yeah! Thank you Guruji!😊

P: Guruji, one last thing?

G: What?

P: Like, we all know meditation carries nobodies monopoly.
People had been practising disciplined meditation for
thousands of years. My question is about this new
BRANDED meditation they peddle on media

G: MEDITATION IS CONCENTRATED THINKING

G: The great men who really made an impact on world did
it through simple self contemplation, thousands of years
ago

All the inventions, discoveries & technology came out of
meditation.

Yes, I know your query is specific to the religious one

Meditation is a very personal thing

G: Unlike Yoga or other physical training, meditation can't be measured or evaluated rationally as it happens within the mind of a person.

You will have to take the word of practitioner on TRUST alone.

When we can't calibrate progress objectively, we can't suggest improvements.

G: Aim of BRANDED meditation, they say, is to FREE human mind of ALL THOUGHTS!

It is again postulated that THEN from this VACUUM! arises your TRUE SELF, SELF REALISATION, WISDOM & CONVERGENCE OF SOUL WITH ETERNAL BEING, GOD!

P: What does it mean?

G: Search me! Nobody knows! 😊

P: When I cook, I think of something & sometimes forget to add salt! Is that meditation?

G: Of course it is! All thinking in a concentrated manner is meditation. For your training, we will do a class later NOT on easy general meditation but on difficult specific self meditation.

P: Whenever I try to meditate, I VEER OFF & start thinking

about GIRLS, CHICKEN & WHATNOT!

I feel GUILTY about it later! Is it a SIN?

G: STUPID!

What SIN is there on THINKING about anything?

A WANDERING MIND WHILE TRYING TO CONCENTRATE
IS THE MOST NORMAL & HEALTHY HUMAN MIND!

G: TRICK of FRUITFUL meditation is TO CONCENTRATE
UPON A SINGLE FAVOURITE IDEA OR THEME, instead of
trying to concentrate on many ideas!

EMPTYING your mind of all thoughts, as they say, is the
greatest stupidity that is ever said!

P: Can anyone empty their mind of all thoughts?

GURU: DYING ONLY! Even sleep produces dreams!

PUPIL: 😊 True! last thing, don't be angry! Most of the
things are 99.9% CERTAIN, right?

G: □?

P: So, about MY DEATH? there is a 0.1% UNCERTAINTY?

G: That percentage makes me the teacher!

P:😊 Great! Thank you once again Guruji!
